

## 2014 AGM – President's Report

We have achieved a lot in three years, the standouts being:

- the update and approval of our new Constitution,
- the establishment of the Club Service Centre in Fyshwick,
- the considerable and noteworthy success of our quarterly Motorkhanas which consistently attract maximum entrants,
- the development of the Club website,
- the new heights reached by the editor with the magazine in its printed and electronic forms,
- the very popular annual Springtime Tour and Weekends Away,
- the many and varied social events we enjoy, and
- the continuation of our MG TYme event which has attracted so many visitors from interstate.

There are many I wish to thank, the first of which is your Committee, Kent Brown as Vice President and Sporting Secretary, Greg Whitfield as Secretary, Laurie Gardiner as Treasurer, Graeme Rossiter who looks after our Display Events, Mark Horsfield as Editor, and the Argyle/Daley social team.

Myself and Laurie have both served three years in our executive roles. This is the maximum allowable by our Constitution and thus we are not contesting the same positions this year.

We are very fortunate to have volunteer groups for organising our Weekends Away and annual Springtime Tour led respectively by the Peter Dalton/Hella Moebus duo and Warren Devine ably supported by enthusiastic volunteers. Then we have Gail Argyle and Debbie Whitfield who have brought together a team of ladies to provide us with suppers at our meetings and a festive annual dinner – thank you ladies.

I would particularly like to thank Tony and Gail Argyle and Peter and Patricia Daley for all they have done to organise our social programme and our routine Club runs. These runs, at least monthly, are the core of our active membership and of the Club itself.

Other volunteers who have contributed so much include Tony and Judy Laughton, Geoff Nickols, Graham Gittins, Bruce and Margaret Murray, Tony Roberts, John Harriot and Rob Chilman.

Also of particular mention is Brian Calder who works tirelessly in support of the Club and who, together with Kent Brown and an enthusiastic support team, has firmly entrenched our biennial MG TYme event, which has attracted international interest and which is an event of which the Club can be justifiably proud.
